

FROM

C. L. CORFIELD ESQUIRE, M C., I.C.S.,

Secretary to the Hon'ble the Agent to the

Governor-General, Rajputana.

TO

THE PRINCIPAL,

MAYO COLLEGE, AJMER.

Dated Camp Ajmer, the 31st December, 1929.

Sir,

I am directed to acknowledge, with thanks, the Annual Report on the working of the Mayo College for the year ending the 30th April 1929, forwarded with your letter No. 1877/11, dated the 28th November, 1929.

2. The Hon'ble the Agent to the Governor-General considers that the results of the past year reflect credit on the staff handicapped as it is by the paucity of trained English Masters. As is pointed out in the report, the inadequacy of the present staff for the needs of an institution like the Mayo College is evidenced by a comparison with the establishment which is considered necessary for the Royal Indian Military College, Dehra Dun.

The Agent to the Governor-General observes with regret that the number of boys on the College Roll is lower than it has been since 1921-22. He trusts that at least some of the States which now send no boys will be represented before the next report has to be written.

I have the honour to be,

Sir,

Your most obedient servant,

C. L. CORFIELD,

Secretary to the Hon'ble the Agent to the

Governor-General, Rajputana.

Budget Estimates for

The income of the Mayo College Fund including contributions from the Games Fund and Post-Diploma Course Fund for the year 1929-30 is estimated at Rs. 1,61,851-0-0 against which an expenditure of Rs. 1,59,780-0-0 is proposed leaving a surplus of Rs. 2,071-0-0.

Post Diploma Course Fund.

The Budget Estimate of the Post-Diploma Course Fund for the year 1929-30 is given in Annexure J.

The income of the Post-Diploma Course Fund being the donations from Princes, fees from boys of the Post-Diploma Classes and interest on unutilized amounts is estimated at Rs. 34,130-0-0 and the expenditure at Rs. 45,905-0-0 showing a deficit of Rs. 11,775-0-0. This deficit is mainly due to the fact that pension contribution was not paid for Munshi Gopi Nath Mathur in previous years, but it has now been decided that it should be paid from 1st April 1923, contribution previous to this date having been waived by Government. Provision has therefore been made for it in the budget and this has increased the expenditure for the year.

The closing balance of the Fund on the 31st March 1930 is therefore estimated at Rs. 1,36,773-0-0 as shown below :—

Opening balance on 31st March 1929	Rs. 1,48,545	0	0

Twelve candidates from the Mayo College appeared for the Diploma Examination, ten of whom were successful. Out of 49 candidates who appeared altogether from all the Chiefs' Colleges the Mayo College took 1st, 2nd, 3rd, 10th, 16th, 20th, 23rd, 26th, 27th and 29th.

These three boys passed in the 1st Division, 4 others in the 2nd Division and 3 in the 3rd. 5 candidates gained distinctions in one or more subjects.

The total number of boys in the three Post-Diploma Classes was 9.

Post-Diploma Classes.

Three candidates appeared for the Higher Diploma Examination and all were successful.

They were:—

1. Maharajkumar Bhim Singh of Kotah.
2. Thakur Nahar Singh of Awa, Marwar.
3. Thakur Bahadur Singh of Malsisar, Jaipur.

The examination of the 1st and 2nd year Post-Diploma classes and classes II and III was conducted by means of written papers and that of the lower classes was mainly oral.

Inspection.

The inspection of the College was conducted by R. Littlehailes, Esqr., M.A., C.I.E., Educational Commissioner with the Government of India.

His report on the Mayo College is printed in Annexure O.

The report may be considered as generally satisfactory. Attention will be paid to the Inspector's recommendations on the methods of instruction.

The views of the Inspector on the system of Boarding Houses and of messing have been at various times under the consideration of the General Council. In this connection it may well be borne in mind that in a public school in England boys of ages varying from 13 to 19 live in the same Boarding House. The difference in the outlook on life of these boys is far greater than the difference of the outlook of Indian boys of 9 or 10, and Indian boys of 19.

The questions raised in the Inspector's general remarks are too wide to be dealt with in the Annual Report.

Attention may perhaps be drawn to the comparison between the number of Englishmen on the staff of Royal Indian Military College, Dehra Dun, and the number on the staffs of the Chiefs' Colleges.

13. Throughout the year the staff worked efficiently and indefatigably, and to their efforts is due any success that may have been achieved. Thanks are due especially to Mr. Ritchie who was in general charge of games, and to Col. Howson who was in charge of riding, polo and swimming. Col. Howson's interest in other College activities was untiring.

The lack of a third English Master was much felt. This lack if continued is bound to result in lowered efficiency in teaching. It is difficult, if not impossible, to maintain standards unless time is available for constant personal supervision.

I have the honour to be,
 Sir,
 Your most obedient servant,

S. F. MADDEN,
Principal, Mayo College, Ajmer.

Large variations in the ages of boys in the same class are seen in several of the classes. It does seem a pity that a youth of 20 should be educated only up to a stage which permits him to be reading with advantage alongside a boy of 12. It is not educationally sound to have boys of extreme ages being educated side by side, but the remedy apart from costly individual tuition is difficult to prescribe. As I have pointed out in another report the only solution appears to be to get hold of the boys young and to insist on their undergoing regular and systematic training year after year.

† Information about 1 is not readily available.

It will be observed that though the majority speak Hindi about two-fifth of the total strength speak other languages or dialects and that a common language for conversation is a necessity. English is generally used and its standard is quite high. It is obvious that the kumars cannot each receive instruction through the medium of his own language or dialect.

12. Instruction.—I have only a few suggestions to make on the methods of instruction:—

(a) General Knowledge.—Was fairly good.

(b) English.—Colloquial English is very good. It was much better than “reading.” I should like to see a little more expression used in reading and more attention paid to the exact meanings of words and phrases which the kumars come across.

(c) Vernaculars.—The following table shows the languages taken by the kumars in the College—

Class.	Hindi.	Urdu.	Gujrati.	Oriya.	Total number of kumars.	REMARKS.
Post-Diploma III Year.	3	3	Two of them also take Urdu.

Sixth	6	1	7	
Seventh	5	5	
Eighth	2	...	1	...	3

Although the number of languages or dialects spoken by the kumars in their own homes is,—as observed from a former table,—9, yet the number of vernaculars taught to them is reduced to four, no provision being ordinarily made for teaching the languages or dialects least used.

(d) Indian History.—History is very fair but in the upper classes, especially in the Post-Diploma Classes, I suggest that students be taken by their teacher to the Museum in Ajmer where there are some very fine inscriptions. Students will thus be brought into direct touch with the records which historians use.

(e) Geography.—Geography is well taught, but some revision is required in the work which has been done in previous years. In one of the classes only a fraction of the class knew the difference between a star and a planet although they had been taught this difference one or two years previously.

(f) Drawing.—All the arrangements for drawing are excellent. I am of opinion, however, that a better graduated course than that at present in use might be followed, the more difficult portions of drawing being taken up only in the higher classes. I should also like to see stricter attention paid to the fact that parallel lines appear when produced, to meet in a distant point.

(g) Athletics.—Good.

ANNEXURE P.

Proceedings of the Meeting of the General Council of the Mayo College, held at the Residency, Mount Abu, on the 18th June, 1928.

The following were present:—

1. The Hon'ble Mr. J. W. Reynolds, C.S.I., C.I.E., M.C., I.C.S., Vice-President of the General Council (in the Chair.)
2. His Highness the Maharaja of Bikaner.
3. His Highness the Maharao of Kotah.
4. His Highness the Maharaja of Kishengarh.
5. His Highness the Maharaja of Alwar.
6. Mr. D. L. Drake Brockman, C.I.E., I.C.S., representing Jodhpur.
7. Captain W. F. Webb, I.A., representing Tonk.
8. Raj Bahadur Pandit Amar Nath, Atal, representing Jaipur.
9. Rai Bahadur M. R. Sapat, representing Jaisalmer.
10. Munshi Zallim Singh Kothari, representing Banswara.
11. Lieut-Colonel O. H. Gabriel, C.V.O., I.A., Resident at Jaipur.
12. Lieut-Colonel D. M. Field, I.A., Resident in Mewar.
13. Lieut-Colonel H. R. N. Pritchard, O.B.E., I.A., Political Agent, Eastern Rajputana States.
14. Lieut-Colonel R. J. Macnabb, I.A., Political Agent, Haraoth and Tonk.
15. Mr. S. F. Madden, O.B.E., Offg. Principal, Mayo College, Secretary of the Council.

(Lieut-Colonel H. R. Lawrence, C.I.E., President, Council of State, Jaipur, and Sir Manubhai N. Mehta, Kt., C.S.I., Prime Minister, Bikaner State, attended informally. Mr. L. G. L. Evans, I.C.S., Secretary to the Hon'ble the Agent to the Governor-General in Rajputana was also present.)

The report of the Sub-Committee appointed to consider and report on Main Question I of the Proceedings of the General Council meeting held at Delhi, on the 23rd February 1928, was considered. His Highness the Maharaja of Bikaner, whose opinion was first invited remarked that it was a question of funds. Fifteen lakhs were wanted. Where was the money to come from? He did not think that 5 lakhs could be found. let alone 15 lakhs. The College must cut its coat according to its cloth.

The Vice-President pointed out that a minimum of Rs. 10 lakhs is needed according to the Report. Their Highnesses the Maharaja of Bikaner, Kishengarh and Alwar and the Maharao of Kotah said that they had nothing to spare for additional expenditure on the College. Their resources were needed for expenditure within their respective States.

His Highness the Maharaja of Alwar pointed out that when the Mayo College was started it was an institution where the sons of Princes and nobles would be educated, but at that time there were no Nobles' Schools in individual States. The Mayo College was in fact a School and not a College. The question now is whether it is to be a School,

or a School *plus* a College; and whether the Higher Diploma Courses are justified for the education of 5 or 6 boys a year. Nobles' Schools and Colleges exist now in Jodhpur, Bikaner, Kotah and Alwar. The question whether the Mayo College is to be a College or a School must be decided on the funds available. How far the institution will prosper either as a School or a College in view of the growth of State Nobles' Schools is another question.

The Vice-President remarked that it would be best to decide first what funds are available and then to consider how far the constitution of the College will need to be modified.

His Highness the Maharaja of Bikaner asked whether the College could afford to give education up to the Intermediate, remarking that it cannot expect to raise the sums which the report of the Sub-Committee shows to be required as the Darbars have to spend their revenues on their States, not on institutions outside.

Their Highnesses the Maharajas of Kishengarh and Alwar and the Maharao of Kotah agreed that the States will not contribute more money.

Mr. Drake-Brockman representing Jodhpur was of the opinion that the Jodhpur Darbar would be prepared to contribute funds if a case was made out.

Rai Bahadur Amar Nath Atal representing Jaipur was of opinion that the Jaipur Darbar would subscribe on the same condition.

M. Zalim Singh Kothari representing Banswara was of opinion that the Banswara Darbar would subscribe if a scheme were agreed on.

Captain Webb representing Tonk thought that the Tonk Darbar also would subscribe according to their means.

The Vice-President said that it appeared to be the view of the States that it is doubtful if the necessary funds could be raised.

Rai Bahadur Amar Nath Atal asked whether the Council was agreed that it is desirable that the Mayo College should continue as an institution. He pointed out that even to continue it as a School would need more funds than it has at present.

Rao Bahadur M. R. Sapat representing Jaisalmer suggested that the scale of fees should be raised to make the College self-supporting. The Vice-President suggested that such a step would be disastrous in view of the frequent complaints of the high cost of education now.

Rai Bahadur Amar Nath Atal remarked that the present staff is inadequate.

The Vice-President here explained how the movement to transfer the control of the College to the General Council came about. The Princes had for several years been urging that they should have more effective control of the College. The Government contribution at present is a voted one and liable to be withdrawn at any moment by vote of the Legislative Assembly. With the abolition of the Indian Educational Service as an Imperial Service the source of supply for the staff of the College dries up and unless a separate cadre for the Chiefs' Colleges is established by the Foreign and Political Department, recruitment by short term contract would appear to be the only resort left to the Colleges. If such a system is introduced, it will necessitate higher scales of pay.

Rai Bahadur Amar Nath Atal enquired what the Princes really wanted. His Highness the Maharaja of Bikaner replied that the Princes give the money, and they should exercise control.

The Vice-President observed that the General Council of the College as at present constituted would never prove an efficient instrument for controlling the affairs of the College. It was too large a body and many of its members do not take sufficient interest in the College to attend its meetings. The Agent to the Governor-General has been forced to exercise some control because there is no one else to do so. He then suggested

that the views of the Sub-Committee on the terms of reference should be taken and discussed in detail one by one.

The first question was that of constituting the Governing Body on a definite legal basis.

His Highness the Maharaja of Bikaner enquired whether it is necessary to register the *Managing Body* as a Corporation.

Rai Bahadur Amar Nath Atal pointed out that it is necessary because contracts with the staff will have to be enforceable against somebody.

His Highness the Maharaja of Bikaner said that he was given to understand that if the Council agrees to take over the College and run it according to its needs, registration would be unnecessary.

The Vice-President remarked that the Government of India is unlikely to accept a scheme which did not provide for a Corporate Body capable of suing and being sued and enquired whether the meeting agreed to the General Council becoming a Corporate Body. His Highness the Maharaja of Bikaner observed that if registration was necessary we may agree that the Governing Body should be registered as a Society under the Registration of Literary, Scientific and Charitable Societies Act, XXI of 1860.

This was agreed to.

The question of reserving certain powers to the Viceroy was then discussed. The Council accepted the view of the Sub-Committee that difficult situations might arise if attempts were made to reserve special powers to His Excellency the Viceroy after the Governing Body of the College had been constituted as a corporate body capable of suing and being sued. It was resolved that assuming the incorporation of the Governing Body on a legal basis, His Excellency the Viceroy be invited to accept the position of Patron of the College as the Princes and States valued His Excellency's association with the College. It was pointed out by the Vice-President that the Government of India must in any case retain powers of inspection, etc., to enable them to determine whether the College is being efficiently administered in a manner to justify the continuance of the annual subvention.

It was next resolved that it is most desirable that all property connected with the College should be transferred to and vested in the Governing Body as legally constituted.

The question of staff was then discussed and the Maharaja of Bikaner was of opinion that a separate cadre should be recruited for the Mayo College. The Maharaja of Kishengarh agreed. Rai Bahadur Amar Nath Atal was of opinion that a common cadre for all the Chiefs' Colleges would be better. The opinion however among the Princes who were present was in favour of a separate cadre.

With regard to the question of the retention of the Higher Diploma Classes the Maharaja of Bikaner said that he had always opposed the Higher Diploma. It was maintained for a very few boys who could take the degree course equally well either at home or outside Rajputana. The Maharao of Kotah and the Maharajas of Kishengarh and Alwar and the Jodhpur representative agreed. The Jaipur representative thought the proposal to discontinue the Higher Diploma Classes regrettable but unavoidable; and it was resolved to recommend that in view of the unjustifiably heavy expenditure involved in maintaining the Higher Diploma Classes the Higher Diploma Course should be discontinued.

The Maharaja of Bikaner then asked whether the funds at present available would justify the retention of the Diploma examination. He said that the College could not afford the salaries contemplated by the Sub-Committee and proposed the following resolution which met with the concurrence of the Princes present and was accordingly passed :—

That a new Sub-Committee be appointed to formulate detailed proposals for maintaining the staff to teach up to—

- (a) the Diploma or School Leaving Certificate, and
 - (b) the Intermediate Examination,
- with the funds at present at the disposal of the College and assuming
- (a) the continuance and
 - (b) the discontinuance
- of a Government grant of Rs. 50,000/- per annum.

That this Sub-Committee should consist of the following:—

- (1) Raj Kumar Umed Singh of Shahpura.
- (2) Sri Manubhai N. Mehta, Kt., C.S.I.
- (3) Major-General Apji Onkar Singh, C.I.E., of Palaitha.
- (4) S. F. Madden, Esquire, O.B.E.
- (5) Lieut.-Colonel C. H. Gabriel, C.V.O.

That the report of the Sub-Committee be made available for the consideration of the General Meeting on Thursday, June 21st, at 10-30 A.M.; and that the meeting now adjourn pending receipt of the report of the Sub-Committee.
